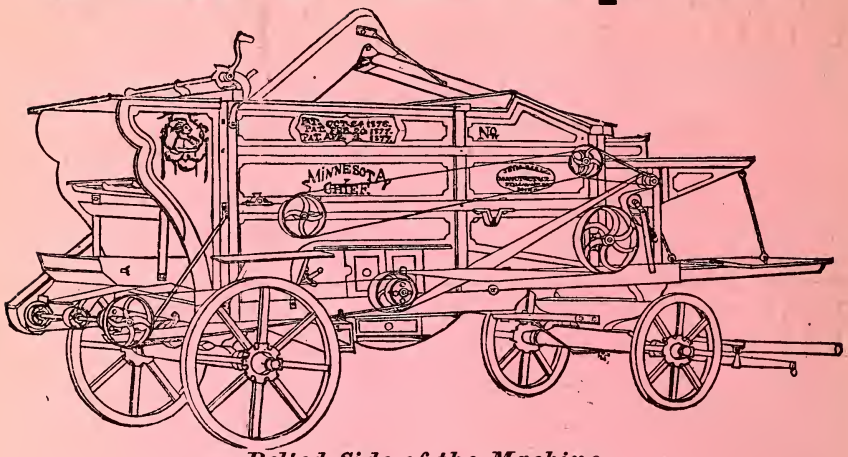
# Minnesota Chief Separator.



***Belted Side of the Machine.***

**ONLY FOUR DRIVNG BELTS ON THE SEPARATOR, VIZ:**

One main belt, running from the Cylinder and driving the Fan; one small belt driving the only Beater in the machine; one belt driving the Grain Rake and one belt driving the Straw Carrier.

It is neither a Vibrator nor an Apron Machine, but far surpasses either in all the essential requisites of a Perfect Thresher.

It is easy of management, light running, capable of very rapid threshing, as the Separating Table and Sieves will take care of all that can be passed the Cylinder.

In separating and cleaning it excels all others.

It threshes everything a farmer has to thresh—Wheat, Rye, Oats, Barley, Flax, Timothy, Millet, Clover and Peas. It handles Flax and Timothy nearly as rapidly as grain, requiring no change of parts, sieves, and cleans them fit for market. With its Clover Attachment it threshes Clover fully equal to any Huller..

It is by far the most popular Separator in the market, outselling all others wherever known. It invariably secures the most and best jobs of threshing.

# INTRODUCTORY.

In presenting this, the twenty-sixth volume of the Indianapolis City Directory, the Publishers feel confident that nothing has been omitted on their part bearing on accuracy or completeness, and that neither money nor labor have been spared to supply a thoroughly trustworthy Directory in all respects.

This Directory contains 33,121 names, (including Irvington, Brightwood, North Indianapolis, Belmont, Mt. Jackson and Haughsville), showing an increase over last year of 1,621, which, at the usual ratio of of three inhabitants to one name, represents a gain of 4,863, thus indicating a marked advancement in the growth of our city and suburbs for the past year.

We present to each subscriber an official map of the city, engraved from the latest surveys.

For the benefit of our advertising patrons, Directories have been placed in the lobby of the postoffice, and in the waiting-rooms of the Union depot.

With thanks to the citizens for their support and cordial co-operation, we submit the work for their kind consideration.

THE PUBLISHERS.

## RATES OF POSTAGE ON FIRST-CLASS MATTER.

On letters, sealed packages, mail matter wholly or partly in writing, except book manuscript and corrected proofs passing between authors and publishers, and except local or drop letters, or United States postal cards; all printed matter so marked as to convey any other or further information than is conveyed by the original print, except the correction of mere typographical errors; all matter otherwise chargeable with letter postage, but which is so wrapped or secured that it can not be conveniently examined by postmasters without destroying the wrapper or envelope; all packages containing matter not in itself chargeable with letter postage, but in which is enclosed or concealed any letter, memorandum, or other thing chargeable with letter postage, or upon which is any writing or memorandum; all matter to which no specific rate of postage is assigned; and manuscript for publication in newspapers, magazines or periodicals, three cents for each half ounce or fraction thereof.

On local or drop letters, at offices where free delivery by carriers is established, two cents for each half ounce or fraction thereof.

## RATES OF POSTAGE ON SECOND-CLASS MATTER.

Mailable matter of this class embraces all newspapers, magazines and periodicals, exclusively in print, and regularly issued at stated periods from a known office of publication, without addition by writing, mark or sign, and addressed to regular subscribers, which shall be divided into two classes, and fixes the postage on each as follows:

2. On all newspapers and periodical publications, addressed and mailed as above prescribed, and issued *less* frequently than once a week, three cents a pound or fraction thereof.

A regular subscriber is a person who has actually paid, or undertaken to pay, subscription price for a newspaper, magazine, or other periodical, or for whom such payment has been made, or undertaken to be made, by some other person. But in the latter case, such payment must have been made, or undertaken with the previous consent, or at the previous request of the person to whom such newspaper, magazine or periodical is sent. A person to whom any such publication is sent, without his consent or request, is not a "regular subscriber," within the meaning of the law, and if there be no evidence of prepayment on the package, double transit rates of postage must be rated up and collected on delivery.
